ZEBRA MOBILE iMZ SERIES PRINTER SPECIFICATIONS

Specifications are provided for reference and are based on printer tests using Zebra brand ribbons and labels. Results may vary in actual application settings or when using other than recommended Zebra supplies. Zebra recommends always qualifying any application with thorough testing.

**Standard Features**

- Direct thermal printing of bar codes, text and graphics
- 203 dpi resolution (8 dots/mm)
- Print speed: up to 4 ips (76.2 mm/s)
- CPCL and ZPL programming languages
- Resident fixed and scalable fonts
- 400 MHz 32-bit ARM processor with 128 MB RAM
- 128 MB Flash supports downloadable programs, receipt formats, fonts, and graphics
- USB port
- 1.6 AH Li-Ion battery
- Built in battery charger
- Optical out of media sensing using fixed center position sensor
- Tear bar for easy receipt dispensing
- Supports vertical and horizontal printing
- Printer can be used in any orientation
- Fixed media roll width
- “Clamshell” design for easy media loading
- Management: Mirror, SNMP, Web server (with customizable HTML pages), Wavelink
- Avalanche® [Future firmware update]
- Four LEDs as User Interface indicators
- 4ft (1.2 m) drop to concrete (multiple times)
- Label odometer
- Bluetooth™ 2.1 (Order Dual Radio for 3.0 Compatibility)
  - Security modes 1 – 4
  - Bluetooth printing from Apple devices (iOS 6, iOS 7)

**Charging Options**

- Charge the battery inside the printer using:
  - AC adapter
  - Four Bay Power Station
  - Vehicle Charging Cable

**Optional Features**

- ZebraNet 802.11a/b/g/n radio with support for:
  - WEP, TKIP, and AES encryption
  - (802.1X)
  - EAP-FAST, EAP-TTLS, EAP-TLS, PEAP, LEAP
  - 802.11i (WPA2), 802.11d, 802.11h
  - Wi-Fi (802.11n) certified
  - Cisco CCX v4 ASD Certified
  - Dual radio 802.11a/b/g/n & Bluetooth® 3.0 radio
  - Linerless printing (with silicone platen roller only) through CAG (Custom Application Group) request
  - ZBI 2.x - Powerful programming language that lets printers run standalone applications, connect to peripherals, and much more

**Accessories**

- Spare Batteries
- AC Adapter
- Four Bay Power Station
- Vehicle Charging Cable (with Cigarette lighter adapter)
- Shoulder Strap
- Protective Silicone Skin
- Durability Enhancing Case (IP54 rating when used)
- USB Cable

**Link-OS™ Solutions**

**Print Touch** – simplifies Bluetooth® pairing and launches web-based help pages with Near Field Communication enabled devices.

**Profile Manager w/AirWatch connector** – Quickly connect your printer with the AirWatch device management system via WLAN and Ethernet.

**Link-OS™ Software Development Kit** - Simplifies printing application development with support for Windows, Apple®, Android™, WinCE®, WinMobile® and Blackberry® platforms

**ZebraDesigner Pro** – An intuitive, easy-to-use software program for creating complex label designs

**ZebraDesigner** – Basic features for simple label design

SPECIFICATIONS ARE SUBJECT TO CHANGE WITHOUT NOTICE
Zebra Validated Solutions can be found at http://www.zebra.com/validation

Software Solutions
Zebra Validated Solutions can be found at http://www.zebra.com/validation

CPCL Programming Language
Communicates in printable ASCII characters
Compatible with Servers, PCs, mobile terminals, and smartphone hosts
Downloadable objects include graphics, bitmap fonts, label templates and formats
Automatic memory allocation for format while printing
Automatic serialization of fields
Automatic print head temperature compensation
Format inversion (white on black)
Four position field rotation (0º, 90º, 180º, 270º)
Programmable label odometer
Monitor and report battery voltage and temperature
Easy network and security configuration

ZPL Programming Language
• Supports version X.18 (and later)
• Communicates in printable ASCII characters
• Compatible with Servers, PCs, mobile terminals, and smartphone hosts
• Downloadable objects include graphics and bitmap fonts, label templates and formats
• Automatic memory allocation for format while printing
• Automatic serialization of fields
• Format inversion (white on black)
• Mirror-image printing
• Four position field rotation (0º, 90º, 180º, 270º)
• Programmable label odometer
• Slew command
• Programmable label quantities with print, pause
• Advanced Discovery – quickly discover a wide range of printer data with one simple request
• Status messages to host upon request

CPCL Font Specifications: 203 dpi (8 dots/mm)

• Standard Fonts: 25 bitmapped, 1 smooth, scalable (CG Triumvirate Bold Condensed*)
• Optional Fonts: downloadable bitmapped/scalable fonts
• International Character Sets (optional): Chinese 16x16 (traditional), 16x16 (simplified), 24x24 (simplified); Japanese 16x16, 24x24; Korean Mincho, Meong; Russian
• Scalable text feature
• Standard resident fonts can be rotated in 90º increments
• Supports user defined fonts, graphics and logos
• Text concatenation to assign different character styles
• Allows text magnification 1-16 times the original size
• Proportional and fixed-width fonts
*Contains UFST from Agfa Monotype Corporation

CPCL Bar Code Symbologies
Bar Code Ratios: 1.5:1, 2:1, 2.5:1, 3:1, 3.5:1

ZebraNet Bridge Enterprise – Centrally manage Zebra printers anywhere on your global network.
Zebra Setup Utility – Single printer configuration utility
ZBI-Developer – Programming utility makes it dramatically easier for programmers to create and test complex ZBI 2.0 programs and distribute them to the printer

Linear Bar Codes: Code 39, Code 93, UCC/EAN128, Code 128, Codabar (NW-7), Interleaved 2-of-5, UPC-A, UPC-E, 2 and 5 digit add-on, EAN-8, EAN-13, 2 and 5 digit add-on
2-Dimensional: PDF417, MicroPDF417, MaxiCode, QR Code, GS1 / DataBarTM (RSS) family, Aztec, MSI/Plessey, FIM Postnet, Data Matrix, TLC39

CPCL Graphics
Lines, boxes, and patterns
PCX images

Zebra Designer Driver

SPECIFICATIONS ARE SUBJECT TO CHANGE WITHOUT NOTICE
• Supports Unicode UTF-8, UTF-16, and several other single and multi-byte international character sets (See ZPL programming guide for more details)
• Supports user defined fonts and graphics – including custom logos
• Bitmap fonts are expandable up to 10 times, height and width independent. Fonts E and H (OCR-B and OCR-A), however, are not considered in spec when expanded.
• Smooth scalable font Ø (CG Triumvirate Bold Condensed) is expandable dot-by-dot, height and width independent.
• Unicode Swiss 721 font available

ZPL Bar Code Symbologies
• Bar Code Ratios: 2:1, 3:1, 5:2, 7:3
• 2-Dimensional: PDF417, MicroPDF-417, Code 49, TLC39, Maxicode, Codablock, Data Matrix, QR code, Aztec

ZPL Graphics
Lines, boxes (with optional rounded corners)
• Circles, ellipses
• Images (several different formats, see ZPL manual)
• Compressed Images

Environmental Specifications
• Operating Temperature: 14°F (-10°C) to 122°F (50°C)
• Charging Temperature: 32°F (0°C) to 104°F (40°C)
• Storage Temperature: -4°F (-20°C) to 140°F (60°C)
• Relative humidity:
  ⇒ Operation: 10% to 90% non-condensing
  ⇒ Storage: 10% to 90% non-condensing
• IP Rating: 42 (IP54 with protective case)

Agency Approvals
• Emissions: FCC Part 15, Subpart B, EN55022 Class-B, EN60950, EN55024 and VCCI class B
• Susceptibility: EN55024, EN61000-4-2, EN61000-4-3, EN61000-4-4, and EN61000-4-5
• Safety: CE, UL, TUV, CSA

International marks: NOM, C-Tick, VCCI, S-Mark, PSE, CCI, MII
Bluetooth SIG registered, CCX v4 ASD and Wi-Fi certified.

Interoperability
Tested with hand held terminals including:
• iPod Touch (5th and 4th Generation), iPhone 5, iPhone 4 and iPad 3
• Motorola: MC75A, MC40, MC55
• Honeywell: Dolphin 6000, 7800
• Android Devices: Moto ET1, Nexus 7, Galaxy III S

Preventative Maintenance
Zebra recommends cleaning the iMZ Series printers on a regular basis using standard Zebra printer parts and cleaning supplies. Consult your User’s Guide for further details.

• Cleaning:
The exterior is cleaned with a lint-free cloth, and if necessary, a mild detergent solution or desktop cleaner.

Interior components are cleaned with 70% isopropyl alcohol (IPA) or blown air to remove any particles.
• **Battery:**
  It is recommended that the battery be fully discharged several times by cycling it to maximize performance.

**Application Flexibility**
iMZ printers are designed to support a wide variety of applications and media types. Please consult the CPCL or ZPL programming manual for configuration details. Zebra recommends always qualifying any application with thorough testing.
Note.- Printer specifications are subject to change without notice.

Use Zebra brand direct thermal or UV resistant coated media that is outside wound. Refer to Appendix "B" for more details.

iMZ Series User Guide
Using Pre-Printed Receipt Media
iMZ series printers support alignment of pre-printed receipts by using the out of paper sensor located near the printhead.

Please be aware of the following factors:
1) Note the black bar location and dimensions as detailed below and in the Specifications section of this manual.
2) Complete information on using pre-printed media can be found in the FORM command topic in the CPCL Programming Manual. The CPCL manual is available on the iMZ Product CD or on the Zebra Web site at http://www.zebra.com/manuals.

A choice of mobile platforms to take business where it needs to go!

Get the benefits and value associated with using today’s smartphone and tablet devices. The new iMZ™ printers now support Bluetooth® connectivity to Apple® iOS, as well as Android™, Windows® Mobile and BlackBerry® platforms. Print Touch™ simplifies Bluetooth pairing and launches Web-based help pages with Near Field Communication (NFC)-enabled devices to provide a trouble-free user experience. Regardless of your choice—a smartphone, tablet or handheld—Zebra’s new iMZ220 and iMZ320 printers are there to support your 2-inch and 3-inch receipt-printing business needs.

In addition to supporting the most popular operating systems of today’s smartphones and tablets, the new iMZ printers’ Link-OS™ software solutions rapidly configure, monitor, and integrate Zebra printers with your system. Using Profile Manager with AirWatch Connector, you can quickly connect your printer with the AirWatch device-management system via WLAN. Utilize your current infrastructure with one tool for management of your mobile devices.

Building on this experience, you can create printing applications for the Apple, Windows®, Android, WinCE, WinMobile and BlackBerry platforms with the Link-OS Software Development Kit (SDK). Backed by a full range of Zebra software, it has never been easier to produce crisp, clear receipts—whatever the setting.

Ideal for These Applications

Retail / Mobile point of sale, Line-busting
Field Service / Field repair and installations
Direct Store Delivery / Proof of delivery receipts
Hospitality / Restaurant tableside receipts, On-board transportation ticketing
MEET THE iMZ SERIES

Each small iMZ printer can be a smart assistant for any mobile receipt-printing application where quick, simple receipts are needed on demand. These unobtrusive printers can be worn comfortably for a full shift without interfering with the user’s tasks. Easy to operate, they are a great first step for users looking to replace pen-and-paper documentation, preprinted receipts, or unreliable mobile printers. Mobile workforces all over the world can benefit from the iMZ series’ compact convenience in business applications—and because it’s a Zebra, there’s no compromise on reliability.

A Sidekick That Won’t Weigh You Down

• At ¾ of a pound (0.34 kg) or less, these lightweight printers can be worn a full shift without any burden or bother

• Comfortably wear the printer via belt clip or shoulder strap for unobtrusive and convenient printing

Simple to Operate

• Single push-button media access for simple reloading

• Intuitive LEDs indicate on/off, error, and connectivity status

Economical Alternative

• A simple, reliable and affordable printer alternative

• Each iMZ printer comes standard with USB and Bluetooth connectivity, allowing you to communicate with mobile devices running on iOS, Windows®, Mobile, Android and BlackBerry operating systems

Palm-Sized Printing Power

• High-speed processor and extensive memory for printing complex barcodes, fonts and graphics

• iMZ printers now come with an 802.11n option with dual-band support (2.4 GHz–802.11b/g/n and 5 GHz–802.11a/n) for those overcrowded wireless networks in retail environments where business operations need communication at the less-crowded 5 GHz band

• Secure Bluetooth 2.0, 802.11a/b/g/n (optional) or USB (client) connectivity, Wi-Fi® and Cisco® CCX V4 ASD-certified

Genuine Zebra™ Supplies

Ensure high-quality, crisp images and text, and ensure that your receipt and documents remain readable and intact for their entire life, by choosing genuine Zebra supplies. Zebra offers:

• Both in-stock and custom-made receipt paper.

• Materials that:
  » Are tested and approved by the Zebra Supplies Research and Development Department.
  » Meet your application’s durability, image quality and archival requirements, as well as your budget.
  » Can be custom pre-printed with your company logo, instructions, terms and conditions and other information, allowing you to maximize the functionality of your receipts and documents.

ZebraCare™ Services

Reduce the cost of printer downtime due to lost productivity and unbudgeted repair costs by selecting a ZebraCare Depot service agreement. ZebraCare service agreements allow you to:

• Plan and budget annual service needs.

• Reduce the soft costs associated with printers that are down and need repair, and increase uptime.

• Choose the service option right for your organization.
PRINT RECEIPTS ON DEMAND FOR A VARIETY OF APPLICATIONS

Retail
Reduce checkout time and lines at the register. Before customers reach the register, scan all their shopping-cart items; then use an iMZ printer to print a barcode receipt with the customer's purchase total for presentation at checkout.

Field Service
With the iMZ printer, offer customers documentation of the quoted estimate for service, parts and warranty. When the work is finished, print a payment receipt to complete the service transaction.

Hospitality
Reduce lines and capture more sales: Accept mobile payment for concessions in the theme park, in the arena, at the tableside, or at other hospitality venues.

Direct Store Delivery
Use an iMZ series printer at the point of transaction to print a delivery receipt that confirms the actual quantities that transferred possession. Also print sales order confirmations for future deliveries.

AC Adapter
This easy-to-use power adapter comes with each iMZ series printer. Simply plug the AC adapter into the printer and charge between uses!

Protective Silicone Skins
These optional silicone skins add a layer of protection and improve the handling of your iMZ series printer.

iMZ Series 4-Bay Power Station
Ideal for users who prefer to "dock and go." At the end of your shift, simply slide the iMZ220 or iMZ320 printer into this power station to recharge it.

Durability-Enhancing Case
By adding an extra layer of protection with this nylon carrying case, your iMZ series printer will be well prepared for harsh conditions.

Vehicle Adapter
This cigarette-lighter adapter allows you to charge your iMZ series mobile printer from your vehicle.

Shoulder Strap
To keep hands free, an optional shoulder strap is available as an alternative to the belt clip.

**imZ320**

**Standard Features**
- Direct thermal printing of barcodes, text and graphics
- 203 dpi/8 dots per mm resolution
- Print speed: Up to 4’/102 mm per second
- CPCL and ZPL* programming languages
- Resident fixed and scalable fonts
- 400MHz 32-bit ARM® processor with 128 MB RAM memory
- 128 MB Flash memory supports downloadable programs, receipt formats, fonts, and graphics
- USB port
- 1.6Ah Li-Ion battery
- Built-in battery charger
- Optical out-of-media sensing using fixed center-position sensor
- Tear bar for easy receipt dispensing
- Supports vertical and horizontal printing
- Printer can be used in any orientation
- Fixed media-roll width
- Clamshell design for easy media loading
- Printer Management: Mirror, SNMP, Web server (with customizable HTML pages), Wavelink Avalanche* [Future firmware update]
- Four LEDs as user interface indicators
- 4/1/2 m drop to concrete (multiple times)
- Label odometer
- Bluetooth 2.1
- Security modes 1-4
- Bluetooth printing from Apple devices (iOS5, iOS6)
- Android 2.3, 4.0, 4.1
- iOS, iOS 6
- Dual radio—802.11a/b/g/n & Bluetooth 3.0 (coming soon)

**Firmware**

imZ printers support CPCL and ZPL programming languages. The ZPL programming language ensures full compatibility with many other Zebra® printers. See Technical Specification for more details.

**Validation Testing**

The imZ series printers have been tested with industry-leading applications to verify interoperability and improve overall optimization when with validated terminals. Zebra Independent Software Vendor (ISV) Partners create industry-leading software solutions to solve business problems. Zebra works closely with these ISVs to integrate printing and other capabilities of Zebra products. Zebra-validated applications can be found at zebra.com/validation.
