

Zebra Technologies Corporation

Cutter/Rewind Option Kit Installation Instructions

This Kit includes the parts and documentation necessary to install both the Cutter Option and Rewind Option on the Zebra *XiII*[™], *XiIII*[™], and *XiIIIPlus*[™]-Series printers. Read these instructions and the individual Cutter Option and Rewind Option Installation Instructions before attempting to install.

Adding the cutter and rewind options requires the installation of several parts and assemblies and should be performed by a qualified Service Technician.

SPECIAL CONSIDERATIONS

- The take label sensors are called out in the rewind option installation instructions, they are not part of this cutter/rewind kit. The rewind option cannot be used in the Peel-Off mode when the cutter module is installed.
- The rewind plates are called out in the rewind option installation instructions, they are not part of this cutter/rewind kit. The plates have been replaced by the associated cutter/rewind plate. For the plate part number for your printer refer to Table 1.

Table 1. Cutter/Rewind Plate Kit Part Numbers

Kit Number	Description
22382M	220 <i>XiII</i> , <i>XiIII</i> , and <i>XiIIIPlus</i> Cutter/Rewind Plate
30382RM	90 <i>XiII</i> , 90 <i>XiIII</i> , and 90/96 <i>XiIIIPlus</i> Cutter/Rewind Plate
40382RM	140 <i>XiII</i> , <i>XiIII</i> , <i>XiIIIPlus</i> and R-140 Cutter/Rewind Plate
46382M	170 <i>XiII</i> , <i>XiIII</i> , and <i>XiIIIPlus</i> Cutter/Rewind Plate
